0349-8636573 · rohanbaig2004@gmail.com · www.linkedin.com/in/m-rohan-baig · mr-rohan-baig-portfolio.vercel.app

PROFESSIONAL SUMMARY

Web Developer with full-stack experience spanning UI/UX design, React/TypeScript frontend development, Node.js and Express backend work, and WordPress builds through to deployment. Comfortable moving a project from Figma through responsive implementation, API integration, and performance optimization, with a working understanding of on-page SEO for content-driven sites. A graphic design and vector art background brings a stronger visual sensibility to interface work than most developers bring on their own.

PROFESSIONAL EXPERIENCE

SENIOR WEB DEVELOPER (2026 - Present)

JKM GLOBAL GROUP.

- Design and develop the JKM Global Group website end-to-end, from UI/UX implementation through frontend build-out
- Build and maintain a component-based frontend architecture for long-term scalability
- Implement interactive animations and modern, fully responsive layouts across devices
- Optimize site performance and page load behavior
- Maintain and improve the live site on an ongoing basis, handling updates and fixes as they arise

GRAPHIC DESIGNER (2025- 2025)

SIGN MASTER .

- Created complex vector artwork for print, signage, and digital use.
- Designed signage boards, Panaflex banners, and promotional displays.
- Created social media posts and promotional creatives.
- Prepared print-ready, scalable artwork with professional layouts and typography.
